End of the year...

It was a very good year.

Nice song Frank. But in other times you sang about the wrong city.

Dean Martin got it right!

Well, the song could be better!

Come Fly With Me!

"Harmony in the Air", a new program of the Houston Airport System, is aimed at creating a relaxing, happy atmosphere for passengers and visitors through live performances featuring a diverse repertoire of classical, jazz and international music. If you're travelling through IAH Terminal A on a Monday, Tuesday or Friday, come say hello. I'll be there from 11:00am - 2:00 pm!

Christmas Picks

Mezzo soprano Sonja Bruzauskas, Hora Tranquillitatis. Light classical arrangements of German Christmas favorites with Paul's fanciful orchestrations of a brass quintet, a string quartet, SATB chorus and more. Superb musicians all and a lovely sound for the holidays (2014)!

NEW YEAR'S EVE... as you like it!

Thursday, December 31, 2015
Four Seasons Hotel, Houston

What is your best memory of New Year's Eve? Mine is as a young lad, sitting in with my dad's dance band -- music of the big band and rat pack eras, the elegance of men in black tie, ladies in stunning gowns, dancing, champagne, a savory banquet, mirror balls...the countdown, the stroke of 12 -- the ball dropping, confetti and horns, everyone singing "Auld Lang Syne", hugs and kisses, grand toasts and the promise of a new year...

Oh, baby!

This year, in collaboration with Houston's finest hotel, I can finally present the New Year's Eve I have long dreamt about. I would say, "Don't miss it!"
